## POWER UP RENEWABLE ENERGY

### *A Little Green For A Brighter Future*

There's no better time to switch to solar power. The federal solar tax credit allows you to deduct up to 30% of the cost of installing solar energy systems thru the end of 2019. However, starting in 2020, the tax break will be reduced more and more each year. This, combined with the significant price reductions within the past few years, makes solar an excellent value. Many homes, businesses, and farms in Central Ohio have relied on **Power Up Renewable Energy** to help them switch to solar power. Their in-depth product knowledge, along with over 30 years of combined experience in electrical and solar work, has quickly made them a recognizable name in the industry. They have installed solar panel systems for many years with hundreds of installations and happy customers. **Power Up Renewable Energy's** team consists of licensed electricians and NABCEP certified installers who stay on top of the industry with continuing education, attending shows, seminars, and workshops. **Power Up** will assess your home's suitability for solar and provide you with a detailed proposal including recommended system location, size, pricing, and financial analysis. Beyond initial installation and maintenance, solar energy is free and does not emit greenhouse gases which helps slow global warming. They require minimal maintenance and will significantly reduce your electric bill. **Power Up Renewable Energy** is also an authorized dealer of Generac generators offering sales, service, and installation.

For more information, call 614-679-6019 or visit [www.powerupohio.com/Contact.html](http://www.powerupohio.com/Contact.html) for your fully customized quote.

## LINKHORN INSPECTION GROUP

*Experience The Linkhorn Difference*

A home is probably the largest single investment you'll ever make. Therefore, you should know exactly what to expect before you purchase your home, regarding repairs and maintenance. **Linkhorn Inspection Group**, in Columbus, offers complete and professional home inspections. A home inspection is a visual examination of the physical structure of the systems in the home. The building inspector represents their client and no one else.

A complete home inspection includes an examination of the house from top to bottom. The inspector examines the heating system, central air conditioning, interior plumbing, electrical systems, the roof, and visible insulation, walls, ceilings, floors, windows, doors, the foundation, basement, and visual structures. A professional inspection is simply an examination into the current condition of your prospective home to indicate the items which will be in need of immediate major repair or replacement. This will enable you to make your purchasing decision more confidently.

If you are in the process of purchasing a new or existing home or currently own a home that you would like inspected, contact **Linkhorn Inspection Group** at 614-260-1776 or visit <https://www.linkhorninspections.com>.

## AMERICAN NURSING CARE

*We Are So Much More Than Nursing!*

What is so special about health care? It touches us all...old or young, rich or poor. Illness, accidents, and disabilities play no favorites. While hospitals, nursing homes, and rehab centers all play an important role, home care is the key player. The key word in Home Health Care is home. That's where everyone would prefer to be. Young or old, with very limiting disabilities or minor illnesses, find that "family" is really the best medicine of all. They provide Licensed Practical Nurses, Registered Nurses, Physical, Occupational and Speech Therapists as well as Home Health Aides. Care can be scheduled round the clock or intermittently as dictated by the patient's particular needs. Their trained personnel offer committed, capable, caring services for all patients.
